### ASCRS CME Mission Statement

ASCRS' continuing medical education mission is to improve the competence of ophthalmologists/anterior segment surgeons by offering an avenue for the presentation and discussion of innovative techniques and technologies and fostering an open environment where current practices are presented and questions and improvements in patient care are continually sought.

### Accreditation Statement

The American Society of Cataract and Refractive Surgery is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. ASCRS takes responsibility for the content, quality, and scientific integrity of the CME activity.

### Designation Statement

The American Society of Cataract and Refractive Surgery designates the ASCRS Summer Meeting for a maximum of 15.0 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### Physicians may claim credit for participation as follows:

- **Friday:** Skills Transfer Labs (max 4 credits)
- **Saturday:** ASCRS Program and Skills Transfer Labs (max 7.5 credits)
- **Sunday:** ASCRS Program (max 3.5 credits)

Physicians not licensed in the U.S. who participate in this CME activity are eligible for *AMA PRA Category 1 Credit™*.

Attendees registered as exhibitors, spouses, and guests are not eligible for CME credits.

### Notice About Off-Label Use Presentations

The ASCRS Summer Meeting may include presentations on drugs or devices or uses of drugs or devices that may not have been approved by the Food and Drug Administration (FDA) or have been approved by the FDA for specific uses only. The FDA has stated that it is the responsibility of the physician to determine the FDA clearance status of each drug or device he or she wishes to use in clinical practice.

ASCRS is committed to the free exchange of medical education. Inclusion of any presentation in this program, including presentations of off-label uses, does not imply an endorsement by ASCRS of the uses, products, or techniques presented.

### Target Audience

Anterior segment specialists, comprehensive ophthalmologists, residents, and fellows

### Educational Objectives

Upon completion of this program, participants should be able to:

#### ASCRS Program:

- Develop appropriate cataract surgery treatment plans for more challenging eyes (post-refractive, irregular astigmatism, dry eye disease)
- Explore innovations in topical, lens-based and corneal solutions for presbyopia correction to include patient selection for pseudophakic presbyopia management
- Implement strategies for the surgical correction of astigmatism
- Determine IOL power calculations for routine and challenging cases
- Implement strategies to manage glaucoma surgical cases
- Compare and contrast new advances in dry eye disease
- Discuss the newest updates in corneal refractive surgery, including SMILE, corneal inlays, and collagen crosslinking

### Skills Transfer Labs:

- Compare and contrast various ophthalmic surgical techniques on porcine or artificial eye models for ocular conditions, to include anterior segment and refractive surgery
- Develop skills to manage intraoperative complications as reproduced in the lab setting
- Formulate new skill sets through the use of new technologies and advanced devices
- Increase proficiency and experience in a variety of corneal surgical procedures and suturing techniques

### Scientific Integrity and Relevant Financial Interest Disclosure

ASCRS is committed to ensuring that all continuing medical education (CME) information is based on the application of research findings and the implementation of evidence-based medicine. ASCRS seeks to promote balance, objectivity, and absence of commercial bias in its content. All persons in a position to control the content of this activity must disclose all relevant financial interests. ASCRS has mechanisms in place to mitigate all conflicts of interest prior to an educational activity being delivered to learners.

All faculty members are required to disclose whether they, or their spouses, have any financial interest (or lack thereof) from the past 24 months with an ineligible company whose primary business is to produce, market, sell, resell, or distribute ophthalmic products or services consumed by, or used on, patients. Faculty members are also required to disclose such information verbally and on their first slide. It is an ASCRS requirement that all presenters disclose on the first slide and verbally at the beginning of any presentation whether they have any relevant financial interests from the past 24 months. Presenters are expected to give a fair and balanced presentation.

### CME Credit Questions

Attendees will receive a post-event survey and CME credit claim on August 22, 2022, via email. Contact [cme@ascrs.org](mailto:cme@ascrs.org) with any questions on credit claims.

### ASOA Continuing Education Credits (CE)

#### ASOA Program:

- Identify and discuss current trends in employee recruitment and retention
- Recognize and implement tools such as personality analysis and intergenerational communication strategies to aid in staff training and recruitment
- Understand the importance of career pathing and professional development for practice management staff
- Recognize and apply benchmarking best practices to enhance practice efficiency and profitability
- Identify strategies for developing a leadership mindset

### Certified Ophthalmic Executive (COE)

The ASOA Practice Management Program at the ASCRS Summer Meeting qualifies for COE Category A credits for attendees and COE Category C credits for speakers.

All attendees seeking COE credits MUST be registered for the program.

As a provider accredited by the Accreditation Council for Continuing Medical Education, ASCRS must ensure balance, independence, objectivity, and scientific rigor in all its individually or jointly provided activities.

All individuals participating in an activity designated for CME credit must disclose any financial interest or relationship with an ineligible company that produces, markets, resells, or distributes ophthalmic products/devices/drugs or services used on or by patients that are discussed in an educational presentation or lack thereof. Financial interest can include such things as grants or research support, consultant, stockholder, member of speaker’s bureau, etc. Relationships held by a spouse or a partner must also be disclosed.

The intent of this disclosure is not to disqualify anyone from participating but to provide the Program Committee with information so they can design and implement a balanced, independent, and scientific educational activity. The Financial Interest Index provides information to attendees so they can make their own judgment regarding the interest or relationship and the materials presented. A complete listing of relations disclosed and their corresponding codes are below.

Category	Code	Description
Consultant/Advisor	C	I receive consultants fees or paid advisory boards, speakers bureaus or fees for attending a meeting from an Ineligible Entity or provide practice management/marketing services to ophthalmic practices (within the past 24 months).
Employee	E	I am a part-time or full-time employee of an Ineligible Entity (commercial interest) that produces, markets, resells, or distributes ophthalmic products/devices/drugs or services related to patient clinical care.
Spouse/Partner	S	My spouse or partner has a financial relationship with an Ineligible Entity that produces, markets, resells or distributes ophthalmic products/devices/drugs or services related to patients clinical care- encompassing royalties, investment, consulting/speaker’s bureau, research grants, travel reimbursement or employment.
Research/Grant Support	R	My research is fully or partially funded by an Ineligible Entity that produces, markets, resells, or distributes ophthalmic products/devices/drugs or services related to patient clinical care.
Lecture Fees	L	My lecture fees (honoraria), travel fees or reimbursements when speaking at the invitation of an Ineligible Entity have been paid or subsidized by a company that produces, markets, resells or distributes ophthalmic products/devices/drugs or services related to patient care.
Product/Patent/Royalty	P	I earn a royalty or derive other financial gain from an ophthalmic product or service.
Equity Owner/Investor	O	I have an investment interest/equity ownership/stock options in a company that produces, markets, resells, or distributes ophthalmic products/devices/drugs ore services related to patient clinical care.

# SAN DIEGO

MAY 5-8 | ASCRS 2023

**Save the Date and Start Planning**  
The Premier Event for Anterior Segment Education

Housing Now Open • Register November 2022

[ASCRS.org/Meetings/Next-Year](https://ASCRS.org/Meetings/Next-Year)

## COMPLIMENTARY SKILLS TRANSFER LABS

---

*\*\*All labs are open to everyone, and onsite registration is available at the attendee registration desk.*

### Phaco Lab

Review basic and advanced phaco practices and procedures, including phaco settings and fluidics, incisions, capsulorhexis, phacoemulsification, cortex removal, chopping, flipping, and anterior vitrectomy.

### Anterior Segment Surgery Lab

Explore various glaucoma procedures, including minimally invasive glaucoma surgery (MIGS), the Yamane technique, nuclear disassembly, pupil expansion, and CTR insertion.

**Friday, August 19**                      **9:00–11:00 a.m.**  
**12:00–2:00 p.m.**  
**2:30–4:30 p.m.**

**Saturday, August 20**                      **9:30–11:30 a.m.**  
**1:00–2:30 p.m.**

### DMEK/DSAEK Lab

For DSAEK, participants will be able to practice tissue insertion and positioning of the donor tissue. For DMEK, participants will be able to practice the technique for implantation and positioning of the donor cornea tissue through use of an artificial anterior chamber and pre-loaded corneal tissue. (No Saturday labs available)

**Friday, August 19**                      **9:00–11:00 a.m.**  
**12:00–2:00 p.m.**  
**2:30–4:30 p.m.**

## YOUNG EYE SURGEONS (YES)

---

### Networking Luncheon

*Sponsored by Johnson & Johnson Vision (Lunch provided by ASCRS)  
Midtown Room – Meeting Space Level 2*

All young eye surgeons (residents, fellows, and surgeons in their first 5 years of practice) are invited to engage in a small group discussion with Zaina Al-Mohtaseb, MD, and Priya Mathews, MD, over a complimentary lunch. Dr. Al-Mohtaseb and Dr. Mathews will share about their career path and their experiences within ophthalmology. They're happy to answer your questions. Come to meet them and your fellow young eye surgeons!

**Friday, August 19**                      **11:00 a.m.–12:00 p.m.**

## SATURDAY, AUGUST 20

**7:00–8:00 a.m.**

Breakfast with Exhibitors

**8:00–8:05 a.m.**

Welcome remarks

*Daniel Chang, MD, Sumitra Khandelwal, MD, Douglas Koch, MD*

**8:05–9:30 a.m.**

### Phaco/Cataract Essentials

Moderator: *Daniel Chang, MD*

**8:05–8:15 a.m.**

Topic 1: The irate iris

*Mitchell Weikert, MD*

**8:15–8:25 a.m.**

Topic 2: The zilch zonules

*Cathleen McCabe, MD*

**8:25–8:35 a.m.**

Panel discussion

**8:35–8:45 a.m.**

Topic 3: The chalky cataract

*Beeran Meghpara, MD*

**8:45–8:55 a.m.**

Topic 4: The compromised cornea

*Zaina Al-Mohtaseb, MD*

**8:55–9:05 a.m.**

Panel discussion

**9:05–9:15 a.m.**

Topic 5: The pain in the neck (ergonomics)

*Inder Paul Singh, MD*

**9:15–9:30 a.m.**

Panel discussion

**9:30–10:00 a.m.**

Break with Exhibitors

**10:00–11:00 a.m.**

### Cornea Corner

Moderator: *Sumitra Khandelwal, MD*

**10:00–10:08 a.m.**

Topic 1: Diagnostics

*Jennifer Loh, MD*

**10:08–10:16 a.m.**

Topic 2: Dry eye masqueraders

*Sumitra Khandelwal, MD*

**10:16–10:24 a.m.**

Topic 3: OSD tried and true treatments

*Kourtney Houser, MD*

**10:24–10:32 a.m.**

Topic 4: OSD procedures and more

*Marjan Farid, MD*

**10:32–10:40 a.m.**

Topic 5: Corneal transplant update 2022

*Sumitra Khandelwal, MD*

**10:40–10:48 a.m.**

Topic 6: Keratoconus and crosslinking

*William Trattler, MD*

**10:48–11:00 a.m.**

Panel discussion

**11:00 a.m.–12:00 p.m.**

### Glaucoma Treatments in 2022

Moderator: *Inder Paul Singh, MD*

**11:00–11:12 a.m.**

Topic 1: Pharmacologic

*David Crandall, MD*

**11:12–11:24 a.m.**

Topic 2: Cataract surgery plus

*Inder Paul Singh, MD*

**11:24–11:36 a.m.**

Topic 3: Standalone procedures

*David Crandall, MD*

**11:36–11:48 a.m.**

Topic 4: Pipeline

*Manjool Shah, MD*

**11:48 a.m.–12:00 p.m.**

Panel discussion

**12:00–1:00 p.m.**

Lunch with Exhibitors

**12:00–1:00 p.m.**

Industry Spotlight (lunch provided by ASCRS)

Sponsored by Alcon

Midtown Room – Meeting Space Level 2

**1:00–2:15 p.m.**

**Best of ASCRS: What the faculty learned this year**

Moderator: Marjan Farid, MD

Faculty: David Crandall, MD, Jennifer Loh, MD, William Trattler, MD, Mitchell Weikert, MD

**2:15–2:30 p.m.**

**ASCRS Foundation: What it does and what you can do**

Douglas Koch, MD

**2:30–3:00 p.m.**

Break with Exhibitors

**3:00–4:00 p.m.**

**Breakout Rooms** (4 sessions, 25 minutes each, pick 2)

**Room 1: Complex cataract 1: Yamane step by step**

Moderator: Zaina Al-Mohtaseb, MD

Faculty: Cathleen McCabe, MD, Beeran Meghpara, MD, Mitchell Weikert, MD

**Room 2: Complex cataract 2: Presbyopia-correcting IOLs: Picking them and fixing them**

Moderator: Daniel Chang, MD

Faculty: Douglas Koch, MD, Jennifer Loh, MD, William Trattler, MD, Zachary Zavodni, MD

**Room 3: MIGS: Pearls for the cataract surgeon**

Moderator: Manjool Shah, MD

Faculty: David Crandall, MD, Inder Paul Singh, MD

**Room 4: Embracing dry eye: The old, the new, and the future**

Moderator: Sumitra Khandelwal, MD

Faculty: Marjan Farid, MD, Kourtney Houser, MD, Jennifer Loh, MD

**4:00–4:15 p.m.**

**Digital Ophthalmic Society**

Eric Rosenberg, DO

**4:15–5:30 p.m.**

**Video Symposium: Craziest video cases**

Moderator: Manjool Shah, MD

Faculty: Kourtney Houser, MD, Cathleen McCabe, MD, Beeran Meghpara, MD, Mitchell Weikert, MD

**6:00–7:30 p.m.**

**Denim & Diamonds Welcome Reception**

## SUNDAY, AUGUST 21

**7:00–8:00 a.m.**

Breakfast with Exhibitors

**8:00–9:30 a.m.**

**Part 1: Refractive Cataract Surgery – Top 5 Pearls**

Moderator: Cathleen McCabe, MD

**8:00–8:08 a.m.**

**Topic 1: Patient selection and counseling**

Beeran Meghpara, MD

**8:08–8:16 a.m.**

**Topic 2: Biometry/IOL calculations**

Mitchell Weikert, MD

**8:16–8:24 a.m.**

**Topic 3: Astigmatism correction**

Douglas Koch, MD

**8:24–8:32 a.m.**

**Topic 4: Refractive miss**

Marjan Farid, MD

**8:32–8:40 a.m.**

**Topic 5: Refractive update and new advances**

*William Trattler, MD*

**8:40–8:53 a.m.**

**Panel discussion**

## **Part 2: Presbyopia-correcting IOLs**

*Moderator: Zaina Al-Mohtaseb, MD*

**8:53–9:01 a.m.**

**Topic 1: Review of technology**

*Daniel Chang, MD*

**9:01–9:09 a.m.**

**Topic 2: Which IOL for which patient**

*Cathleen McCabe, MD*

**9:09–9:17 a.m.**

**Topic 3: How to deal with the unhappy patient**

*Zachary Zavodni, MD*

**9:17–9:30 a.m.**

**Panel Discussion**

**9:30–10:00 a.m.**

**Break with Exhibitors**

**10:00–10:45 a.m.**

**Presbyopia treatments: Our ever-expanding tool kit**

**Case studies: What would you do?**

*Moderator: Douglas Koch, MD*

*Faculty: Daniel Chang, MD, Marjan Farid, MD, Zachary Zavodni, MD, Kourtney Houser, MD*

**10:45 a.m.–12:00 p.m.**

**Video Symposium: Craziest video cases part II**

*Moderator: Mitchell Weikert, MD*

*Faculty: David Crandall, MD, William Trattler, MD, Douglas Koch, MD, Marjan Farid, MD, Sumitra Khandelwal, MD*

**12:00 p.m.**

**Program Adjourns**
