

YES Newsletter—May 2022

Get to know your YES Clinical Committee Member: Joey Hsia, MD

How do you unwind after a stressful day? After I get home, my wife and I are in a whirlwind routine of feeding our two boys (3.5 and 1.5), cleaning the kitchen, bath time for the kids, then putting them to sleep. So I suppose I unwind myself by getting into something even more stressful!

If you could only eat one food for the rest of your life what would it be? Taiwanese Cuisine—I grew up in Taiwan and it's known for its delicious and affordable street foods.

What is the most unique place you've traveled/visited? It's underwater! I did a drift dive in Cozumel, Mexico, and a 10-foot reef shark was swimming along with our group, and we saw so many other amazing oceanic creatures.

Who is your hero? My wife is my hero. She has been an amazing wife and mother. There's no way I could focus on my career without her.

What's your favorite movie? I really like *Léon: The Professional*. It's a story about an orphan who lost her family and her interesting relationship with a professional hitman. But recently, my favorite movie is what my kids watch: *Moana*

Spend a Long Weekend Learning in Nashville!

Reserve August 19–21 on your summer schedule for the [ASCRS Summer Meeting—A Taste of ASCRS](#), taking place in Nashville, Tennessee. *This program is heavily DISCOUNTED for U.S. residents, fellows, and ophthalmologists in their first 5 years of practice!*

In a long weekend (or less), get a true taste of exceptional anterior segment-focused education!

At the ASCRS Summer Meeting you'll find:

- Clinical pearls to put into practice on day one
- Wet labs for young eye surgeons and practicing physicians
- One-on-one discussion opportunities with faculty
- Networking and connections that only a specialized, in-person meeting facilitates

ASCRS SUMMER MEETING

A Taste of ASCRS

Learn about the program, CME, hotel & travel, and more [here](#).

Binge-Worthy ... Webinars!

Have you watched the [YES Connect Webinars](#)? There are eight, hour-long, binge-worthy webinars including YES members and experts who discuss a variety of topics, like interviews, social media, mentorship, and more!

The latest installment in this webinar series—“[EyeSustain](#)”—focuses on sustainability. The mission of [EyeSustain](#), a new initiative launched at the 2022 ASCRS Annual Meeting, is to make healthcare delivery and services in ophthalmology more economically and environmentally sustainable.

[Listen to faculty](#) David Chang, MD, Aakriti Garg Shukla, MD, and Joey Hsia, MD discuss the importance of this initiative.

Catch up on other recent webinars like “[Good to Great Surgeon: Complicated Cases](#),” “[Basics of Billing](#),” and all the YES Connect webinars [here](#).

Show you're interested in getting involved in EyeSustain by filling out this [interest form](#).

Educational and Networking Opportunities with ASCRS

YES Connect Webinars: “[EyeSustain](#)” the latest installment in the YES Connect webinar series, is online now! Listen to David Chang, MD, Aakriti Garg Shukla, MD, and Joey Hsia, MD discuss this important initiative.
